

PROFESSIONAL SOLUTION FOR ONLINE CASINO LIVE DEALER STUDIO

APEX LIVE GAMING

WORD FROM THE OWNER

ABOUT US

Dear friends.

Thank you for reading this brochure and for your interest in us. Let me introduce you to our company Apex Gaming SK. We are a manufacturer of high quality casino and live gaming equipment sold under the brand name APEX LIVE GAMING.

Our products are manufactured by skilled craftsmen in a region where the tradition of woodworking has existed for over two hundred years. Those skills, a feeling for wood and an endless search for quality are what our ancestors have left us.

We are proud to continue this tradition and provide products and services beyond expectations. We don't settle for half done work. Because when it comes to live gaming, our main objective is to fully satisfy the needs of our partners.

On behalf of all APEX LIVE GAMING employees, I am happy to say that we look forward to helping you become the live gaming provider of customer's choice, wherever you are in the world.

VALUE OF

CRAFTSMANSHIP

With great skill comes great responsibility. Every product we deliver to our clients has passed through our hands. We put a piece of our craftsmanship into every product that leaves our workshop. That’s why we hand over our products to our partners with pride. We know that they will serve them for a long time.

HANDMADE
WITH PASSION

CASINO

TABLES

The backbone of our production are high quality casino tables made from premium materials. We produce tables for roulette, card games, texas hold ‘em, crabs and also baccarat.

Our tables offer a wide variety of styles and customization options. That’s why they fit any casino design - modern, traditional and everything between.

Specially modified tables for live dealer studio.

DEALER

STATION

Dealer station is the basis of all live dealer studios. It contains everything the dealer needs to work and communicate with the players.

The dealers broadcast from a studio and the players watch the stream, place bets, and communicate with the dealer using PC or smartphone.
