CHIP MANAGEMENT

CHIPPERX

We were looking for a way to speed up the roulette game, help the dealers and allow the casinos to make higher profits at our tables. We wanted to offer a machine that would do this better than the existing devices.

That's why we developed ChipperX. Our own chip management and sorting solution. It's faster, more accurate and more reliable than anything you might have come across.

The ChipperX offers comprehensive chip counting and sorting capabilities. It allows users to create advanced chip statistics to increase the security of the game. In case of problems, it offers the option of remote online service anywhere in the world.

CHIPPER X

CHIP MANAGEMENT

CHIPPERX2

ChipperX2 is a top-tier chip sorting machine, perfect for any croupier. It is incredibly easy to operate, extremely fast, and can sort chips ranging from 39mm to 43mm in a single track, eliminating the need to adjust the device for sorting a specific chip size.

Its speed is truly unmatched thanks to a high-speed camera, top-notch motor, and the latest electronics that meet all current standards and requirements. Consider whether anyone else can sort 560 chips per minute continuously without breaks?

CHIPPER X2

WINNING NUMBER

DISPLAYS

Our range of roulette accessories would not be complete without winning number displays. That's why we make them in all standard sizes that fit our wheels perfectly.

All come with major features needed for their easy operation, such as quick winning number recognition, easy installation, wheel stats, high durability and performance.

Designs are customizable with customers own logos and branding.
